CONTENTS

Contents 5

Effects of the Anti-dementia Drug Hopantenate Calcium upon Striatal Dopaminergic Neurons in Young and Aged Rats. *K. Toide* 7

Cysteamine and Pantethine Effects on Passive Avoidance Behavior, Shuttle Box Learning, Open-field Activity, Striatal Catecholamines and Somatostatin. *L. Vécsei, E. Widerlöv, R. Ekman and C. Alling* 14

Antiepileptic Effects of the Excitatory Amino Acid Antagonist CIS-2,3 Piperidine-Dicarboxylic Acid Depend on Non-N-Methyl-D-Aspartate Receptors. *S. Sagratella, C. Frank and A. Scotti de Carolis* 28

Influence of Clonazepam on Epileptic After-discharges Induced by Perforant Path Stimulation in Rats. *H. Kubová and P. Mareš* 35

Interactions of Cocaine with Barbital, Pentobarbital and Ethanol. *A. L. Misra, R. B. Pontani and N. L. Vadlamani* 44

Effects of YM-14673, a New TRH Analogue, on Neurological Deficits in Rats with Experimental Cerebral Hematoma. *M. Yamamoto, M. Shimizu, S. Kawabata and M. Terai* 55

A Pharmacological Study of the Cardiovascular Effects of TRH-T in Haemorrhagic Shock in Rats. *S. Guarini, S. Gherardi, G. Calabrò and A. Bertolini* 65

The Effect of Diazepam on Atrial Automaticity Is Not Mediated by Benzodiazepine Receptors. *F. Ruiz, J. Hernández and D. Pérez* 77

Effect of Hydralazine-induced Hypotension on Glutamate, γ-Aminobutyric Acid and Some Other Amino Acid Levels in Medullary Regions of the Rat. *M. Kihara and T. Kubo* 86

Comparative Effects of the Antidepressants Amitriptyline, Mianserin and Adinazolam on Hemodynamics and ECG in Myocardial Infarcted Dogs. *M. Nishimoto, H. Hashimoto, T. Ozaki, S. Nagashima and M. Nakashima* 98

Pressor Responses to Intracisternal Administration of Hypertonic NaCl in Conscious Normotensive and Spontaneously Hypertensive Rats. *Y. Takata, Y. Yamashita, Y. Nakao, S. Takishita and M. Fujishima* 110

Effect of Venoruton on Hypoxic Stress-Induced Neurotoxicity in Mice and Oxygen Free Radical Generation by Human Neutrophils. *V. K. Shukla, A. K. Sethi, S. K. Garg, N. K. Ganguly and S. K. Kulkarni* 127

Interaction between R 56865 and α-Adrenoceptors in the Pithed Rat. *P. Koch, J. Schneider, C. Fruh, D. Wilhelm, B. Wilffert and T. Peters* 134

Dopamine Receptors in the Mouse Vas Deferens. *C. F. C. Smith and P. B. Rowland* 144

Alterations of Cardiac Adrenoceptors and Calcium Channels Subsequent to Production of Aortic Insufficiency in Rats. *T. Yamazaki, T. Uematsu, A. Mizuno, Y. Takiguchi and M. Nakashima* 155

α-Adrenoceptor Antagonistic Effects and Antihypertensive Activity of SGB-1534 in Conscious Normotensive and Deoxycorticosterone Acetate (DOCA)-Salt Hypertensive Dogs: Comparison with Prazosin. *K. Haruta, A. Baba, M. Akima, T. Koga, Y. Shiraki and K. Sakai* 169

Facilitation of Noradrenaline Release by Isoprenaline Is Not Mediated by Angiotensin II in Mouse Atria and Rat Tail Artery. *M. A. S. Rajanayagam, I. F. Musgrave, M. J. Rand and H. Majewski* 185

Electrophysiological Evaluation of the β-Blocking Properties and Direct Membrane Effects of *l*-Moprolol and its Enantiomer *d*-Moprolol. *F. Porciatti, E. Cerbai, I. Masini and A. Mugelli* 200

Study of the Strontium Response in Isolated Rat Aorta. *A. Barreda and E. Anselmi* 210

Cardioprotective Effect of Bepridil on Ischemic Myocardial Damages in Dogs. *Y. Hanaki, S. Sugiyama, N. Hieda, K. Taki and T. Ozawa* 221

Approaches to the Mechanism of Relaxing Effect of Vitamin K_3 on Smooth Muscle. *O. Altinkurt and Y. Öztürk* 232

Influence of Nonsteroidal Antiphlogistics on Mouse Ear Inflammation Induced with Croton Oil. *M. Gábor and Zs. Rázga* 241

In Vitro Comparison of the Neuromuscular Antinicotinic and Intestinal Antimuscarinic Effects of Different Nondepolarizing Muscle Relaxants. *A. Törőcsik, I. A. Chaudhry, K. Bíró, H. Nagashima, M. Kinjo, D. Duncalf, R. Nagashima, F. F. Foldes, P. L. Goldiner and E. S. Vizi* 247

Inhibition of Mast Cell Histamine Release by Copper. *S. C. Sharma and M. B. Jande* 254

Nerve Growth Factor Inhibits Some Acute Experimental Inflammations. *M. Amico-Roxas, A. Caruso, M. G. Leone, R. Scifo, A. Vanella and U. Scapagnini* 269

In Vitro Hepatic Drug and Anesthetic Metabolism of Rats with Dietary-induced Obesity. *S. A. Rice, K. J. Fish, J. Hoover-Plow and K. Jawaharlal.* 286

Belgian Society for Fundamental and Clinical Physiology and Pharmacology 294

Book Reviews 298
